RE: IPS Weld-On ASME B31.3 Bonder Qualification
Performance Testing Results

Dear Greg,

The following 19 personnel of **Plast-O-Matic Valves, Inc.** have passed the ASME B31.3 Bonder Qualification protocol tested by IPS Corporation Hydro Laboratory on January 3, 2019:

Barry Sutphin	Ryan Alexander	Ian Booth	Matt Priske
Don Trapp	Andy Ryan	Chonghuan Huang	Mike Zwerin
Eric Holzer	Mohotarima Tabassum	James Hutson	Rungel Baez
Joe Pinto	Luis Sochin	Andy Stover	Greg Nelson
Chim Agusu	Giam Carlos Ramirez	William Saludo	

They were trained on December 4, 2018 and receive the enclosed IPS Weld-On ASME B31.3 Bonder Qualification training cards.

While IPS Corporation provides training and testing as a service to our customers, it cannot assume responsibility for the quality of workmanship on any actual piping installation, or any consequential damages that arise from that workmanship.

If you have any questions or require more training, please do not hesitate to contact us. Congratulations to those who passed and we look forward to serving you in the future.

Respectfully,
IPS Corporation
